**About the Pride of Baltimore:** *Pride of Baltimore* is a reconstruction of an early 19<sup>th</sup> century Baltimore Clipper. These sleek, fast, and maneuverable vessels became famous as privateers during the War of 1812. Their success in capturing British merchant ships inspired the Royal Navy's attack on Baltimore in 1814. When Francis Scott Key saw the American flag still flying after the all-night bombardment of Fort McHenry, he was inspired to pen the "Star-Spangled Banner." 2014 is the first year in many that *Pride* will remain in local waters - traveling to as many Maryland ports as possible throughout the Star-Spangled Summer of 2014, celebrating the 200th anniversary of our National Anthem. Since her commissioning in October of 1988, *Pride* has traveled over 250,000 nautical miles, visited 40 countries, and docked in over 200 ports of call. For more information on *Pride's* 2014 sailing schedule, education initiatives, or membership program, please visit [www.pride2.org](http://www.pride2.org).
